Dear Jim:

Thanks so much for your recent letter.

I apologize that it's been so long in my response, but things move at incredible pace and I find myself getting further and further behind.

Jim, as far as I know nothing specifically happened. It was my understanding that Father Foley simply came to the decision that it would not be best for you there.

I do have something in mind, but I need to pursue this idea further with Bishop Hughes before I bring it to you. I will be coming back from Rome a week from Saturday. Why don't you call and ask for an appointment with me so that we can talk.

With warm personal regards and asking God to bless you, I am

Sincerely yours in Christ,

Archbishop of Boston
